Item 4 – Advisory Services

A. Firm Information

Evexia Wealth, LLC (“Evexia Wealth” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (LLC) under the laws of the State of Wisconsin. Evexia Wealth was founded in May 2018 and is owned and operated by Benjamin A. Laws (Chief Executive Officer) and Jenna R. Laws (Chief Operating Officer and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Evexia Wealth.

B. Advisory Services Offered

Evexia Wealth offers investment advisory services to individuals, high net worth individuals, trusts, estates, and businesses (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Evexia Wealth’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Evexia Wealth provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Evexia Wealth works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Evexia Wealth will then construct an investment portfolio, primarily utilizing exchange-traded funds (“ETFs”), individual equities, mutual funds and individual fixed income securities to achieve the Client’s investment goals. The Advisor may also utilize other types of investments, as appropriate, to meet the needs of the Client. The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations.

Evexia Wealth’s investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Evexia Wealth will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Evexia Wealth evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Evexia Wealth may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Evexia Wealth may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement.

Evexia Wealth may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will Evexia Wealth accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Retirement Accounts – When the Advisor provides investment advice to Clients regarding ERISA retirement accounts or individual retirement accounts (“IRAs”), the Advisor is a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act (“ERISA”) and/or the Internal Revenue Code (“IRC”), as applicable, which are laws governing retirement accounts. When deemed to be in the Client’s best interest, the Advisor will provide investment advice to a Client regarding a distribution from an ERISA retirement account or to roll over the assets to an IRA, or

recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

Financial Planning Services

Evexia Wealth will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs, and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Evexia Wealth may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

C. Client Account Management

Prior to engaging Evexia Wealth to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Evexia Wealth, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Evexia Wealth will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Evexia Wealth will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Evexia Wealth will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Evexia Wealth does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Evexia Wealth.

E. Assets Under Management

As of March 9, 2023, Evexia Wealth manages \$192,332,373 in Client assets, all of which are managed on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more written agreements with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter, including any month-end accruals of dividends and interest. Investment advisory fees range from 0.70% to 2.00% annually. Investment advisory fees are based on the following schedule or a fixed annual rate:

Assets Under Management (\$)	Annual Rate (%)
Up to \$100,000	2.00%
\$100,0001 to \$250,000	1.75%
\$250,001 to \$1,000,000	1.50%
\$1,000,001 to \$3,000,000	1.25%
\$3,000,001 to \$5,000,000	1.00%
\$5,000,001 to \$7,000,000	0.90%
\$7,000,001 to \$10,000,000	0.80%
\$10,000,001 and above	0.70%

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor to achieve the lowest fee rate in the above schedule. The Advisor may offer certain Clients or accounts a fixed annual rate. All securities held in accounts managed by Evexia Wealth will be independently valued by the Custodian. The Advisor will conduct periodic reviews of the Custodian's valuation to ensure accurate billing.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Financial Planning Services

Evexia Wealth offers project-based financial planning services either on an hourly basis or a fixed engagement fee. Hourly fees range up to \$300 per hour. Fixed project fees are based on the expected number of hours to complete the engagement at the Advisor's hourly rate. Ongoing financial planning engagements range from \$1,800 to \$15,000 annually. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and/or total costs will be provided to the Client prior to engaging for these services.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the] respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Evexia Wealth at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment

advisory fee. Clients are urged to also review and compare the statement provided by the Advisor to the brokerage statement from the Custodian, as the Custodian does not perform a verification of fees. Clients provide written authorization permitting advisory fees to be deducted by Evexia Wealth to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Project-based financial planning fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s]. Ongoing financial planning engagements are billed in advance of each month or quarter.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Evexia Wealth, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian, as applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. The fees charged by Evexia Wealth are separate and distinct from these custody and execution fees.

In addition, all fees paid to Evexia Wealth for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Evexia Wealth, but would not receive the services provided by Evexia Wealth which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Evexia Wealth to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

Evexia Wealth may be compensated for its investment management services in advance of the quarter in which services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Evexia Wealth is partially compensated for its financial planning services in advance of the quarter in which services are rendered. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on a project-based planning project times the contractual hourly rate or in the case of a fixed project-fee engagement, the percentage of the engagement scope completed by the Advisor. Ongoing planning engagements will be pro-rated based on the remaining number of days in the month or quarter. Upon termination, the Advisor will refund any unearned, prepaid planning fees. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Evexia Wealth does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Certain Advisory Persons are also licensed as independent insurance professionals. As an independent insurance professional, an Advisory Person may earn commission-based compensation for selling insurance products, including insurance offered sold to Clients. Insurance commissions earned by these Advisory Persons are separate and in addition to our advisory fees. This practice presents a conflict of interest as the Advisory Person may have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on the Client's needs. Clients are under no obligation, contractually or otherwise, to purchase insurance products through any Advisory Person affiliated with the Advisor. Please see item 10 below.

Item 6 – Performance-Based Fees and Side-By-Side Management

Evexia Wealth does not charge performance-based fees for its investment advisory services. The fees charged by Evexia Wealth are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Evexia Wealth does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Evexia Wealth offers investment advisory services to individuals, high net worth individuals, trusts, estates, and small businesses. Evexia Wealth generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Evexia Wealth primarily employs fundamental analysis in developing investment strategies for its Clients. Research and analysis from Evexia Wealth are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, Evexia Wealth generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Evexia Wealth will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Evexia Wealth may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Evexia Wealth will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Evexia Wealth, LLC

1265 Main Street, Suite 105, Stevens Point, WI 54481
Phone: (715) 344-9496 | Website: <https://evexiawealth.com>

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond Risks

Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Evexia Wealth, LLC

1265 Main Street, Suite 105, Stevens Point, WI 54481
Phone: (715) 344-9496 | Website: <https://evexiawealth.com>

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Evexia Wealth or its management persons. Evexia Wealth values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor’s firm name or CRD# 323788.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

As noted in Item 5, certain Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person’s role with Evexia Wealth. As an insurance professional, the Advisory Person may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Advisory Persons are not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by an Advisory Persons or the Advisor.

Evexia Accounting, LLC

The Advisor is affiliated through common control and ownership with Evexia Accounting, LLC (“Evexia Accounting”). Evexia Accounting provides tax and accounting services. The Advisor may recommend that Clients utilize the services of Evexia Accounting, which are separate and distinct from the advisory services provided by the Advisor. The tax and accounting services through Evexia Accounting are provided as a separate service and fee. Clients are under no obligation to utilize the services offered by Evexia Accounting.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Evexia Wealth has implemented a Code of Ethics (the “Code”) that defines the Advisor’s fiduciary commitment to each Client. This Code applies to all persons associated with Evexia Wealth (“Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor’s duties to each Client. Evexia Wealth and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Evexia Wealth’s Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (715) 344-9496 or via email at myteam@evexiawealth.com.

B. Personal Trading with Material Interest

Evexia Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Evexia Wealth does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Evexia Wealth does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Evexia Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When

trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Evexia Wealth requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO"). The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Evexia Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Evexia Wealth, or any Supervised Person of Evexia Wealth, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Evexia Wealth does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Evexia Wealth to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Evexia Wealth does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Evexia Wealth does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by Evexia Wealth. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Evexia Wealth may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices. Evexia Wealth will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Evexia Wealth maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. Evexia Wealth does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.

2. Brokerage Referrals - Evexia Wealth does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Evexia Wealth will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Evexia Wealth will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Evexia Wealth will execute its transactions through the Custodian as authorized by the Client. Evexia Wealth may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons of Evexia Wealth and periodically by the CCO. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Evexia Wealth if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Evexia Wealth

Evexia Wealth may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Evexia Wealth may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Evexia Wealth has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Evexia Wealth. As a registered investment advisor participating on the Schwab Advisor Services platform, Evexia Wealth receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able

to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Evexia Wealth that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Evexia Wealth believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Compensation for Client Referrals

Evexia Wealth does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

Item 15 – Custody

Evexia Wealth does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Evexia Wealth to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Evexia Wealth to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

Evexia Wealth generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Evexia Wealth. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Evexia Wealth will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Evexia Wealth does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Evexia Wealth, nor its management, have any adverse financial situations that would reasonably impair the ability of Evexia Wealth to meet all obligations to its Clients. Neither Evexia Wealth, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Evexia Wealth is not required to deliver a balance sheet

along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

In order to maintain a CPA license, states generally require the completion of 40 hours of continuing professional education (CPE) each year (or 80 hours over a two-year period or 120 hours over a three-year period). Additionally, all American Institute of Certified Public Accountants™ (AICPA®) members are required to follow a rigorous Code of Professional Conduct which requires that they act with integrity, objectivity, due care, competence, fully disclose any conflicts of interest (and obtain client consent if a conflict exists), maintain client confidentiality, disclose to the client any commission or referral fees, and serve the public interest when providing financial services. To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real-world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP®.
